

Protest SodaStream:

**It is made in an illegal
Israeli settlement on
stolen Palestinian land.**

Saturday, February 25, 2012, 2 - 4pm

**Target, 2050 Riverside Blvd, Sacramento
(corner of Riverside & Broadway)**

Don't buy SodaStream & ask stores not to carry it

SodaStream is a home water-carbonation device that markets itself as an environmentally friendly product. But there is nothing friendly about Israel's occupation of Palestine, its destruction of Palestinian homes, or its ethnic cleansing of Palestinians from their native lands.

Instead of SodaStream, you can buy an  Soda Siphon (www.isi-store.com)

Take Action: ask stores not to carry SodaStream, including:
